Steve Johnson

The Dirty Science of Cleaning

What does oxidizing, solvents and reducers have to do with it? Everything. Know what you're using and why. Why does carpet brown? What's the deal with wool? Why does that spot keep coming back? Do I really need to use a rinsing agent? Enzymes vs. Bacteria, Liquid vs. Powders and Water quality and rinses. . . What are they and why should I know the differences?

Learn the facts to bust the myths of cleaning and make you more profitable and understanding your challenges. If you have asked any of these questions you should be in attendance for this seminar. Join us and Steve Johnson will answer these questions and the questions you bring to the discussion.

12:00 PM – 12:30 PM - Lunch
