

CYCLE

DESCRIPTION:

A ready to use, quick acting odor neutralizer, Cycle is easy to use and friendly to all surfaces. Biodegradable surfactants and emulsifiers means the only trace it leaves behind is a pleasant aroma. Add Cycle to your cleaning solution or use it as an afterspray.

Cycle is available in 5 fragrances:

Apple Crumble
Cherry
Lemon
Linen
Mint

DSC has the capability to formulate a special batch of Cycle with your very own choice of fragrance. Contact us for more info.

DIRECTIONS:

For general deodorizing: Use undiluted and mist over carpets and upholstery using a hand sprayer. Use only a small amount at a time until desired fragrance level is achieved. Dilute 50/50 with warm water for faster action and to cover a wider area.

If adding to a cleaning solution: Add 1-4 oz. per gallon of ready-to-use cleaning solution to give a mild aroma when cleaning. Add a small amount at a time until desired level is achieved. To preserve product efficiency, DO NOT add Cycle to any encapsulation or sealant/protectant without first contacting the manufacturer.

PACKAGING OPTIONS:

- 12/pts.
- 4/1 gal.

SPECIFICATIONS:

Appearance: Varies with fragrance

Odor: Apple Crumble, Cherry, Lemon
Linen, Mint

pH: 8

Storage: Store at room temperature away from direct sunlight or heat.
