

KRUSH-SOLV

DESCRIPTION:

Krush-Solv is a d-limonene based spotter designed for removing cosmetics, greases, inks, oils, and other oil or solvent based stains. Designed for ease of use, Krush-Solv is pre-formulated as a ready to use product. When in doubt as to the type of spot or stain your are dealing with, try Krush-Solv first. It's versatility of removing a variety of spots and stains while evaporating quickly after use makes it a go-to product for many cleaners.

DIRECTIONS:

Dampen a rag or sponge with Krush-Solv and gently work into the stain. Test in an inconspicuous area before use.
