

PowerX Spotter

BY HYDRO-FORCE

New
model
with heat
available!

Fantastic for spotting calls or quick touch ups, the Power-X Pro Spotter extractor lets you leave the truck mount at the office and start making money a few seconds after arriving on the job!

There's plenty of pressure (55 PSI) and vacuum (76" of waterlift) for spotting, upholstery cleaning and touch-ups. It can even be used with the Water Claw Spot Lifter to deal with all kinds of stain and odor jobs!

Now there's a Power-X Pro with heat!

The Power-X Pro also has double ball bearing urethane wheels and a pull out handle that lets you transport the unit by pulling it like a suitcase!

Comes with a tough stainless steel hand tool and a strong, non-scuff vacuum hose.
